

# He Is Risen! Craft

## Items needed

- Paper plate
- Cross cut out
- Green paper cut out
- Yellow paper
- Pen
- Glue stick
- 'He is risen!' tag

## Steps

1. Trace around hand on yellow paper & cut out. Glue onto the plate.
2. Glue green paper onto plate so the yellow hand is above. The yellow hand is meant to look like the sun's rays over the hillside.
3. Glue cross on top of the hillside and over the yellow hand.
4. Glue 'He is risen!' at the base of the plate to complete your craft.

As an extra, your child may want to colour in the plate to look like a sunrise before glueing the hand and other pieces onto the plate.

While doing this craft, discuss how amazing it is that Jesus rose from the grave. That He has overcome sin and death, so that we can live free!
